**American Red Cross Teams Up With Papa John's and WICS-TV
to Help Provide Free Fans to Those in Need**

The American Red Cross has teamed up with Papa John's and WICS-TV News Channel 20 for the News Channel 20/Papa John's Fan Club. This partnership helps provide electric fans for low-income families, seniors and others who are in need of fans for the hot months ahead.

On Wednesday, July 12th, Papa John's restaurants in Central Illinois will donate \$1 from each pizza sold to purchase fans for those in need. Free-will donations will also be accepted at all participating store locations.

The money raised through Fan Club will help the Red Cross provide fans to individuals without a fan or air conditioning who need protection from the summer heat. All people in Central Illinois are encouraged to buy a Papa John's pizza on Wednesday, July 12th to help those in need.

For more information about Fan Club, including a list of participating Papa John's locations or to inquire about receiving a fan, please contact the Red Cross at 217-787-7602.
